How the Economics Major Curricula Fit Together
Required Courses Only

B.A. in Economics (20 courses)

- Principles of Economics
- Intermediate Microeconomic Theory
- Intermediate Macroeconomic Theory
- History of Economic Theory
- Differential and Integral Calculus
- Multivariate Analysis
- 2 Introductory Theory/Data Analysis Courses
- 1 Intermediate Theory/Data Analysis Course
- 1 Intermediate Course on Sampling and Surveys
- 4 Advanced Economics Electives
- "Special Electives"
- Writing for Economists
- Economics Colloquium
- Senior Project or Honors Thesis

B.S. in Economics (19 courses)

- Principles of Economics
- Intermediate Microeconomic Theory
- Intermediate Macroeconomic Theory
- Differential and Integral Calculus
- Multivariate Analysis
- 1 Introductory Theory/Data Analysis Courses
- Intermediate Level Course on Statistical Inference
- Econometrics I
- Econometrics II
- 6 Advanced Economic Electives
- 1 Advanced Data Analysis Course
- 1 Advanced Theory Course
- 3 Advanced Economics Electives
- 1 Advanced Statistics Electives
- Writing for Economists
- Principles of Computing
- Statistical Computing

B.S. in Economics and Statistics (20 courses)

- Principles of Economics
- Intermediate Microeconomic Theory
- Intermediate Macroeconomic Theory
- Differential and Integral Calculus
- Multivariate Analysis
- 1 Introductory Theory/Data Analysis Courses
- 1 Introductory Theory/Data Analysis Courses
- 1 Introductory Theory/Data Analysis Courses
- Econometrics I
- Econometrics II
- Econometrics II
- 1 Advanced Data Analysis Course
- 1 Advanced Theory Course
- 3 Advanced Mathematics Electives
- 2 Advanced Economics Electives
- Writing for Economists

B.S. in Economics and Mathematical Sciences (26 courses)

- Principles of Economics
- Intermediate Microeconomic Theory
- Intermediate Macroeconomic Theory
- Differential and Integral Calculus
- Multivariate Analysis
- 1 Introductory Theory/Data Analysis Courses
- 1 Introductory Theory/Data Analysis Courses
- 1 Introductory Theory/Data Analysis Courses
- Econometrics I
- Econometrics II
- Econometrics II
- 1 Advanced Data Analysis Course
- 1 Advanced Theory Course
- 3 Advanced Mathematics Electives
- 2 Advanced Economics Electives
- Writing for Economists
